Subscription Period: January 1, to December 31, 2022

Access: to all Karger eJournals 2023

Subscription Period: January 1, to December 31, 2023

(Updates to the list of titles included will be provided each year)

Karger eJournal complete Backfile Collection

Access to all Karger eJournals 1998-2020 (and the following years respectively)

Subscription Period: January 1, to December 31, 2023

Pricing:

Publish and Read Offer 2021-2023	Included services	Price
Offer 2021	Karger eJournal Collection 2021 (with back files back to 1998) Unlimited publishing for 12 months Access to the KargerLEARN platform	██████████ CHF
Offer 2022	Karger eJournal Collection 2022 (with back files back to 1998)	██████████ CHF

	<p>Unlimited publishing up to + 100% based on average publishing output 2019/2020 (*)</p> <p>Access to the KargerLEARN platform</p>	
Offer 2023	<p>Karger eJournal Collection 2023 (with back files back to 1998)</p> <p>Unlimited publishing up to + 100% based on average publishing output 2020/2021(*)</p> <p>Access to the KargerLEARN platform</p>	<p>██████████ CHF</p>

(*) The prices 2022 and 2023 include unlimited publishing opportunities for all Icelandic researchers.

The basis for the 2021 pricing is based on Access and the average publishing output (APO) generated in 2018/2019. In the subsequent years, 2022 and 2023, the average publishing output (APO) fees are based on the average publications in 2019/2020, resp. 2020/2021.

The average publishing output (APO) fees' increase up to +100%, as compared to the previous year's average publishing output (APO), is included in the yearly fee. In the case of an Increase of >100% of the average publishing output (APO) compared to the previous year's average publishing output (APO), the price of publishing will need to be renegotiated. We also include a price cap that guarantees the total price will not be higher than the price of the previous year. Example: the 2023 price cannot be higher than 2022 price.

Payment terms:

Payable within sixty (60) days of invoice.

Access Method:

IP based online access from Licensee local hosted platform and Licensor Hosted Platform.

Billing method:

Direct invoice from the Licensor. The invoice payable in CHF.

Early Termination Due To Insufficient Budgetary Allotment From Government:

The Licensee may terminate the Online Subscription Agreement if sufficient funds are not provided or allotted in future government-approved budgets of the institutions covered by the Agreement (or reasonably available or expected to become available from other sources at the time the Licensee's payment obligation attaches) to permit the Licensee, in the exercise of its reasonable administrative discretion, to continue the Agreement.

The Information Act No. 140/2012

National and University Library of Iceland operates under Icelandic law. If the library is enquired about how it spends its public funding, it has to respond and inform about its financial obligations, to the extent required by mandatory Icelandic law, and shall notify the Licensor accordingly.

B. PUBLICATION RIGHTS

1. Definitions

In this Amendment, the following terms shall have the following meanings:

"Article Processing Charge" means the charge made to, or any other fee payable by, the Licensee or corresponding authors at the Licensee in respect of publication of Open Access Articles in any of Licensor's Hybrid or Open Access Journals.

"Corresponding Author" shall mean the Publisher's main contact in connection with a submitted manuscript. The Corresponding Author might be listed as a single author or in addition to contributing co-authors in the manuscript.

"Eligible Authors" shall mean either an individual employed for teaching and / or research purposes by an institution covered by the License Agreement between the Licensor and Licensee, or a student enrolled at an institution covered by the License Agreement between the Licensor and Licensee, who is also Corresponding Author and entitled to publish its manuscript in one of the Publisher's journals set out in this Amendment.

"Open Access Article" means an article that is permanently, immediately free to read and re-use, published under an open license. Any article type published by the Licensor may be included.

2. Open Access Publishing

- 2.1 Publication Rights apply based on an active current arrangement for Karger eJournal Collection 2021-2023.
- 2.2 Karger grants Eligible Authors during the Term as defined, non-exclusive, non-transferable Publication Rights to publish accepted articles as Open Access Articles in Karger's Open Access and Hybrid journals, without incurring Article Processing Charge, subject to the conditions of Schedule 5 and provided that Corresponding Author submits material according to the workflow put forward by Karger.
- 2.3 Eligible Authors retain copyright to their publications and only grant Karger the non-exclusive right to publish all publications immediately and in the first instance under a Creative Commons Attribution-NonCommercial license (CC BY-NC). Nothing in this Amendment shall be taken to restrict, limit or curtail any provisions of the Creative Commons license used for Open Access Articles.
- 2.4 The provisions of this Amendment are without limitation to the rights of the Licensee or Authorized Users to do any act permitted under the Swiss copyright law, or permitted under any CC license applicable to the Licensed Materials or otherwise which, apart from the rights granted under this Amendment, would not infringe the intellectual property rights in the Licensed Materials and, notwithstanding any provision of this Amendment, the Licensee and Authorized Users shall remain entitled to do any such acts.

3. Identification of Eligible Authors and Workflow

- 3.1 The Licensor will identify accepted Articles that have been submitted by Eligible Authors and will clearly indicate the availability of this Amendment to Eligible Authors both within its submitting process and on its website. This will make clear that Eligible Authors do not need to pay Article Processing Charges for Open Access Articles.
 - 3.1.1 Eligibility must be claimed according to the workflow put forward by Karger.
 - 3.1.2 Eligible Authors may opt-out of publishing Open Access Articles and in such cases, the Licensor is not required to seek the approval of the Licensee.
 - 3.1.3 Eligible Author can be identified through their affiliation as stated in the article to be published.

4. Reporting

4.1 Semi-annually, the Licensor shall provide the Licensee with reports of the total number of Articles published in conformity with this Amendment.

5. Other

5.1 Upon payment, an unlimited publishing credit deposited in the Licensee's account will be made available to Eligible Authors from the Licensee submitting manuscripts via the Karger homepage. 2021 credit can be used for all articles by Eligible Authors accepted between January 1st 2021 and December 31st 2021. 2022 credit can be used for all articles by Eligible Authors accepted between January 1st 2022 and December 31st 2022. 2023 credit can be used for all articles by Eligible Authors accepted between January 1st 2023 and December 31st 2023.

5.2 Access to the Licensed Material is based on IP-ranges of Icelandic Internet Service Providers and is granted to the whole Icelandic population. Authorized Users shall mean the whole Icelandic population using Icelandic IP-numbers. Licensee will inform Karger of changes in Icelandic IP-ranges. Authorized Users can access Karger's content and services provided with the Agreement using Virtual Private Network.
